You or your employer must have a contract in place with EyeMed to receive in-network reimbursements during credentialing.

Requesting in-network reimbursements:

Use our [online form](#) to begin credentialing for new providers in your practice and/or to associate fill-in providers with your practice. You must submit a request prior to submitting any claims to EyeMed.

- Your request must include a copy of the following:
 - Confirmation of submission of our [online form](#) to begin credentialing
 - Your complete, active and current CAQH profile with your CAQH ID#, recently updated Attestation Questionnaire with no history of adverse events (within the last 5 years) and recently updated Information Release form
 - Valid Professional Liability Insurance policy meeting our minimum requirements
 - Valid state license(s)
 - DEA or TPA certifications
 - Proof of Medicare participation
- Submit your request in writing to credentialing@eyemed.com.

If your request is approved, you must submit claims using our hard copy claims process.

Submitting hard copy claims:

Hard copy claims can be submitted via fax or mail.
